Residential or Commercial Applications
Obligation Free Quotes**

Privacy Screening

Whether it's creating a courtyard or extending the height of your side fence, Slatscreen offers a great looking answer to those wishing to retain their privacy.

Area Screening

Slatscreen is the ideal solution to screen off areas or structures such as clothes lines and utility areas from public view. A terrific screen option for units, townhouses and village common areas.

Fence & Gates

What better way to make a great first impression than with a Slatscreen Fence or Gate. Choose from Full Height or Inset Panel Fencing and Hinged or Sliding Gate Designs

Solar Control

Effective sun control can offer huge energy savings on heating and cooling costs. Added benefits come from protection for plants and furniture from the ravages of the sun, wind and rain
