Primrose

Non - Textured Finish

Sohji White Satin
* Non Sahara Colour

White Birch Satin
* Non Sahara Colour

COULD THIS BE THE TOUGHEST POWDER-COATED ALUMINIUM IN THE WORLD?

Sahara Loc-Coat® powder-coating is a textured, super durable, scratch resistant finish. The Sahara Loc-Coat® range of powder coating was developed for a six star hotel in Dubai in the Middle East to withstand extreme climatic conditions.

Normal powder-coating would not stand the test of time in this beach location on The Gulf due to the extreme temperatures and high salinity. Sahara Loc-Coat® is guaranteed by the manufacturer including right on the beach*, one of the harshest climates for powder-coating to endure.

They offer the same guarantee World wide. There are 3 Sahara Loc-Coat® colours in the AMA range. Just contact your local stockist for details.
